M. A. Vela
California Men's Colony
P.O. Box 8101
San Luis Obispo, CA 93409

Dear Mr. Vela:

AVAILABILITY OF TIME SCHEDULE ORDER NO. R3-2006-0088, CALIFORNIA DEPARTMENT OF CORRECTIONS AND REHABILITATION, CALIFORNIA MEN'S COLONY, SAN LUIS OBISPO COUNTY, WDID 3400108001

This letter is intended to notify you of the availability of Tentative Time Schedule Order (TSO) No. R3-2006-0088 for California Department of Corrections and Rehabilitation.

On July 7, 2006, the Central Coast Regional Water Quality Control Board issued Waste Discharge Requirements (WDR) Order No. R3-2006-0032 (effective August 26, 2006) to the California Department of Corrections and Rehabilitation. Major wastewater treatment facility upgrades are currently under construction and nearly complete at the California Men's Colony wastewater treatment facility. The new facility upgrades are designed to consistently decrease total nitrogen concentrations in the discharge and comply with the new effluent total nitrogen concentration limits of WDR Order No. R3-2006-0032. TSO No. R3-2006-0088 requires California Men's Colony to achieve full compliance with the effluent total nitrogen concentration limits in Order No. R3-2006-0032 by January 1, 2007.

In accordance with California Water Code Section 13167.5, TSO No. R3-2006-0088 is open for a 30-day comment period in which interested persons may download the TSO from our website at: <http://www.waterboards.ca.gov/centralcoast/Permits/Index.htm>.

Persons wishing to comment on the Order must submit comments in writing to the address below no later than **September 27, 2006**. Late submissions will not be accepted.
